

Mission and Vision

➤ Mission

Educators Rising is cultivating a new generation of highly skilled educators by guiding young people on a path from high school through college and into their teaching careers. By working with aspiring educators who reflect the demographics of their communities and who are passionate about serving those communities through public education, Educators Rising is changing the face of teaching.

➤ Vision

A clear pathway in every school district in America for young people who want to serve their communities as highly skilled educators.
