Salary Rankings

2019-2020

Missouri NEA prepares the Salary Rankings report annually. This report is compiled using the 2019-2020 Department of Elementary and Secondary Education core data. Core data is a compilation of the information entered six times per year by each of the Missouri school districts. For more information about core data, visit the Missouri Department of Elementary and Secondary Education's website at <http://dese.mo.gov/MOSIS/>.

The following sections are included in this report.

Section 1 – Alphabetic listing of all the school districts detailing the average salaries of superintendents, administrators and teachers. Several districts did not have data listed for the superintendent position; thus, the record appears blank.

Section 2 – Alphabetic listing of school districts according to school district region.

Section 3 – Alphabetic listing of school districts according to school district size.

An average for each group is posted at the end of each sub-section. Below are the state averages of public education certified staff.
